Child Safe Discussion Points for Parish Council meetings

Introduction The purpose of these *Child Safe Discussion Points for Parish Council meetings* is to give effect to the parish *Child Safe Policy and Statement of Commitment to Child Safety* and thereby help our clergy, office-bearers, and volunteers make Saint Panteleimon Russian Orthodox Church a safe place for children. It should be read in conjunction with the parish *Child Safe Policy and Statement of Commitment to Child Safety*.

Definitions Key terms in this Child Safe Code of Conduct are defined in the parish Child Safe Policy and Statement of Commitment to Child Safety.

Statement of Commitment to Child Safety

Our parish is committed to the safety and wellbeing of children.

For the children who belong to or visit our parish, we will provide a child safe environment. This means that we will act to ensure that children feel safe, are safe, and can participate appropriately, actively, and confidently in the divine services and in the broader life of our parish.

We have zero tolerance for any form of harm to or abuse of children. This includes emotional abuse, neglect, physical abuse, and sexual abuse.

Although our parish follows the traditions of the Russian Orthodox Church, it is multi-cultural and brings together families and individuals of diverse backgrounds, experiences, and needs. We value both our unity and our diversity and are committed to words and actions that make this clear to our children and the children who visit us.

We have publicly available policies and procedures in place to support these commitments, and we will provide our clergy, office-bearers, and volunteers with the necessary information, training, and other resources to ensure that they are met.

We take allegations and safety concerns seriously and will deal with them promptly and respectfully. They will be handled in accordance with our policies and procedures and, whenever necessary, New South Wales and other applicable Australian law.

We will engage sensitively with survivors of abuse and actively seek their input into our policies, procedures, and training. We will particularly draw on the experience of survivors of abuse in our own Russian Orthodox community here in Australia.

All who belong to or visit our parish will be advised of our commitment to child safety and of their role in ensuring the safety and wellbeing of children while here.

Children's participation Our Russian Orthodox tradition is rich and multi-faceted. In the life of our parish, we preserve rites and customs developed over many centuries and

in significantly different cultural settings. We value these things, the living expression of our Orthodox Christian faith, as a precious inheritance that we, in turn, hope to pass to our children and to their children.

To make this possible, we want our children to participate appropriately, actively, and confidently in the divine services and in the broader life of our parish. To this end, we will answer their questions, listen to their views, respect what they say, and provide them with opportunities to learn, read, sing, serve, and help.

The purpose of these Discussion Points

Our *Child Safe Policy and Statement of Commitment to Child Safety* stipulates that child safety will be a standing agenda item at every meeting of the Parish Council and every Annual General Meeting. These points have been developed to guide discussion at those meetings. They are not exhaustive. The Discussion Points reflect the 10 *Child Safe Standards* that developed out of the work of the *Royal Commission into Institutional Responses to Child Sexual Abuse*, now enshrined in NSW law.

The Child Safe Standards

The 10 *Child Safe Standards* are:

1. Child safety is embedded in organisational leadership, governance, and culture
2. Children participate in decisions affecting them and are taken seriously
3. Families and communities are informed and involved
4. Equity is upheld and diverse needs are taken into account
5. People working with children are suitable and supported
6. Processes to respond to complaints of child abuse are child-focused
7. Staff are equipped with the knowledge, skills, and awareness to keep children safe through continual education and training
8. Physical and online environments minimise the opportunity for abuse to occur
9. Implementation of the Child Safe Standards is continuously reviewed and improved
10. Policies and procedures document how the organisation is child safe.
